

# JURASSIC CREATURES **DINO GUIDE**

# WELCOME

Be amazed and thrilled as the greatest creatures ever to walk the earth return and come alive before your eyes.

## WATCH THEM MOVE! HEAR THEM ROAR!

Explore a prehistoric world full of life-size animatronic dinosaurs and prehistoric creatures. More than just a dinosaur display, this immersive, interactive event will captivate the hearts and minds of young and old alike, with over 50 animatronic dinosaurs on offer in our catalogue.

## STATE-OF-THE-ART DESIGN

These breathing, moving and roaring dinosaurs are state-of-the-art, hand-painted custom animatronics. Guests will be amazed and thrilled as the greatest creatures ever to walk the earth return and come alive right before their eyes.

## INTERACTIVE ELEMENTS

The popularity of Showtime Attraction’s Jurassic Creatures Activation isn’t just in the provision of the breathtaking dinosaurs, and seeing these giant creatures come to life. The multi-faceted activation caters for large and small builds and includes elements such as area theming (plants, fencing, lighting, shipping containers, signage, etc), activity villages (including crafts such as plaster dinosaur painting, paleontologist digs, wooden dinosaur models etc), photo opportunities, light box drawing tables, fossil exhibits and roving dinosaur meet and greets.

## PROVEN SUCCESS

Jurassic Creatures has been a massive hit and seen success in both large and small activations nationally. Larger activations include its pavilion takeover at the 2019 Royal Melbourne Show, where the incredible buzz about the event saw hundreds or thousands of visitors. Smaller events include activations across Australia in popular shopping centres, including Eastlands, Westfield Fountain Gate and MacArthur Square.

## DINO GUIDE

Inside this catalog, you’ll find all the specs on Showtime Attractions Dinosaur assets, including individual sizes and features (sound/movement). There is also a summary of the activity villages and other interactive offerings to compliment this timeless activation. For any custom requirements or additional needs relating to the Jurassic Creatures activation or assets, please contact the Showtime Attractions team.
